

# CBRF LEGEND

**Facility Name and Address:**

**Telephone:** Telephone number at the facility location.

**Contact Person:** The person to contact at the facility location.

**Licensee Name:** Name of the person or corporation holding the license to operate the CBRF.

**Mailing Address:** The address to which all official notices from the Bureau of Quality Assurance are sent. This may be the same or a different address from the facility location address. It is not, in all cases, the address of the licensee.

**Classes under HFS 83:** The following Classes of licensure became effective on 1-1-97 and are found in HFS 83.05(2).

*Class A Ambulatory (AA).* A Class A Ambulatory CBRF may serve only residents who are ambulatory and are mentally and physically capable of responding to an electronic fire alarm and exiting the facility without any help or verbal or physical prompting. [Class AA under HFS 83 is the same as Class A in this directory].

*Class A Semiambulatory (AS).* A Class A Semiambulatory CBRF may serve only residents who are ambulatory or semiambulatory and are mentally and physically capable of responding to an electronic fire alarm and exiting the facility without any help or verbal or physical prompting. [Class AS under HFS 83 is the same as Class BLS in this directory].

*Class A Nonambulatory (ANA).* A Class A Nonambulatory CBRF may serve residents who are ambulatory, semiambulatory or nonambulatory, but only if they are mentally and physically capable of responding to an electronic fire alarm and exiting the facility without any help or verbal or physical prompting. [Class ANA under HFS 83 is the same as Class B in this directory].

*Class C Ambulatory (CA).* A Class C Ambulatory CBRF may serve only residents who are ambulatory, but one or more of whom are not mentally or physically capable of responding to an electronic fire alarm and exiting the facility without any help or verbal or physical prompting. [Class CA under HFS 83 is the same as Class CLA in this directory].

*Class C Semiambulatory (CS).* A Class C Semiambulatory CBRF may serve only residents who are ambulatory or semiambulatory, but one or more of whom are not physically or mentally capable of responding to an electronic fire alarm and exiting

the facility without help or verbal or physical prompting. [Class CS under HFS 83 is the same as Class CLS in this directory].

*Class C Nonambulatory (CNA).* A Class C Nonambulatory CBRF may serve residents who are ambulatory, semiambulatory or nonambulatory, but one or more of whom are not physically or mentally capable of responding to an electronic fire alarm and exiting the facility without help or verbal or physical prompting. [Class CNA under HFS 83 is the same as Class C in this directory].

A Class C licensed facility may admit and retain residents appropriate for a Class A licensed facility as long as the facility's physical accessibility accommodations are compatible with each resident's level of mobility. Additional limitations on a facility's Class of licensure, when there are any, are available at the facility on the DHFS license and/or the DSL license transmittal letter. Such limitations may include, but not be limited to, Class A licensure for any floors above the first floor; or Class limitations for specific bedrooms in a facility.
